01. CRAFTED IN SWEDEN

Handmade and
built to last.

We've engineered each bike with the same robust quality of the early days - when machines were made to last. From bolt to brakes, every bike is manufactured by hand at our factory in Kungsbacka, Sweden.

02. TIMELESS AND CLASSIC

Inspired by
the past.

It's a timeless style that stands the test of time. Designed to relive the past, from hand-structured leather to high-density steel frames we've modernised each feature while keeping the old charm intact.

03. ADVANCED INNOVATION

Focused on
the future.

Our bikes roll straight out of the factory with LCD touch displays, cloud connectivity, GPS and OTP functionality. Giving you the essential features to simplify city-life and simply ride.

04. INNOVATION

Power has a whole
new meaning.

We've created an entire digital ecosystem for our riders. Equipped with cloud connectivity, GPS, real-time OTP updates, and LCD touch display our bikes are made with the latest technology available.
